Enroll in LifeLock Identity Theft Protection

In today's world of online shopping, using public Wi-Fi and giving out Social Security numbers as a form of ID, our personal information can be exposed. Unfortunately, free credit monitoring simply alerts you to credit issues. LifeLock not only has proprietary technology to detect a variety of identity threats, if you do have an identity theft problem, our U.S.-based team of specialists can help fix it. It pays to have the comprehensive protection of LifeLock.

HOW TO ENROLL

- Enroll through your employer during benefits enrollment.
- Provide the name, Social Security number, date of birth, address, email and phone number for you and each dependent you wish to enroll.
- Your LifeLock coverage will begin upon your benefit effective date.
- You will receive a welcome email from LifeLock with instructions on how to take full advantage of your LifeLock membership.

No one can prevent all identity theft.

¹ LifeLock does not monitor all transactions at all businesses.

¹ Phone alerts made during normal local business hours.
