### **Introductory statement from Most Reverend Gerald M. Barbarito, Bishop of Palm Beach for Dr. Grazie Christie as she explains the danger behind Amendment 4:**

Brothers and Sisters in Christ,

As I have already addressed in a video and various writings and on numerous occasions, this November, at the annual election, there is an issue on the ballot that is, if not more important than any other decision we make here in Florida, that you as voters will make.

That's because of the fate of the unborn has never been so much directly in the hands of each individual voter. Each one of us will have the power to protect pre-born babies or allow more abortions than under Roe vs. Wade.

In addition to our voting NO on Amendment 4, we must urge our family members and friends to do the same, because, as you will see shortly, there are plenty of serious reasons to vote NO on this dangerous and extreme amendment.

I'd like to introduce to you now Dr. Grazie Christie, a doctor, a mother, and a fellow Catholic, to tell us more about Amendment 4 and why we need to vote NO.
